Market Research Analyst with ~3 years of experience in research and consulting within the Telecom, Media & Technology (TMT)/Information Communication Technology (ICT) industry. Proficient in utilizing primary and secondary research tools and techniques to gather, analyze, and present data-driven insights

EXPERIENCE

Analyst

Evalueserve

March 2022 – Present, Gurgaon

PROJECTS

Competitor Intelligence & Market Insights

- Conducted competitive landscape analysis across India and South Korea, evaluating product offerings, pricing, and GTM strategies.
- Delivered market research and web analytics using SEMrush and SimilarWeb to track competitor performance in EMEA.
- Assessed device usage, licensing trends, and strategic partnerships in India's e-commerce and social media sectors.
- Developed cybersecurity intelligence profiles, mapping attack surfaces, incident history, and defensive strategies.
- Identified and benchmarked emerging PDF and e-sign players in India, analyzing pricing, sentiment, and market positioning

Competitor Landscape Mapping

- Conducted in-depth research on the graphics design and photo editing industry to identify key players, market trends, and growth opportunities.
- Analyzed competitor offerings, pricing strategies, hiring patterns, web traffic, and marketing campaigns to identify their strengths and weaknesses.
- Developed Power BI dashboards for client presentations, showcasing critical findings, insights, and recommendations.

Go-to-Market Strategy & Pricing Estimation

- Supported in designing data-driven Go-To Market strategy, identifying key industries, adoption drivers, and regional pricing insights and assessing willingness to pay
- Built competitor intelligence on AI image generation, analyzing pricing models and market entry tactics
- Conducted primary research for the projects

Proof of Concepts and Initial Research

- Conducted capex assessment, competitor profiling, and market entry analysis across key industries.
- Designed proof of concepts for investment funds, mobile OS markets, and digital-native businesses, evaluating funding structures, regulatory landscapes, and technology adoption in APAC and Japan
